Course Requirements

Certificate

- In order to qualify for a certificate, you need to have completed a high school or equivalent.
- In case were the applicant was unable to complete a high school, they will be required to write a progress test which will access the basic knowledge required to study for the certificate. Success in the test will qualify the applicant to study for the certificate.

Diploma

- To qualify for a diploma study the applicant must have completed a high school or equivalent, with at 40% or above in English subject.

- In cases where the applicant's English subject is between 35% -39% the applicant will be given an opportunity to write an English test and will be granted access to the diploma course upon success of the English progress test.

Advanced Diploma

- To qualify for an advanced diploma course in related studies. For example, an accounting diploma will qualify the applicant to apply for course under the school of business and leadership instead of a social development related advanced diploma. Obtaining good marks on the academic record used to apply puts the applicant at a better position of being accepted.
